Opening greetings

I am Abe, the Director of the Support Center. Fukuoka City Care Worker Support Center was established as a consultation hub that stands alongside care service providers, with the aim of securing and retaining care workers. We provide support tailored to the needs of the field, including recruitment, staff development, and the acceptance of foreign care workers. By collaborating with relevant organizations both in Japan and abroad, we aim to become a base where we can think and work together—sharing the appeal of Fukuoka City and how rewarding caregiving is.

Yoshizuka Little Asia Spring Festival Event

About a 5-minute walk from JR Yoshizuka Station in Fukuoka City, there is an old-fashioned market called Yoshizuka Little Asia Market. The Lunar New Year (Spring Festival) event is held in early February every year. This year, it was held for two days on the 14th and 15th, with the theme of multicultural coexistence, including traditional virtual events, cultural experiences, and tasting events. Previously, it was bustling as the "Yoshizuka Shopping Street", but now it has been revitalized as the "Yoshizuka Market Little Asian Market", and efforts are being made to restore the vitality and smiles of the region.
